Subject: Resignation

Dear Kevin,

With a mixture of feeling, I am tendering my resignation request with CHGV. My last day will be May 4th, 2012.

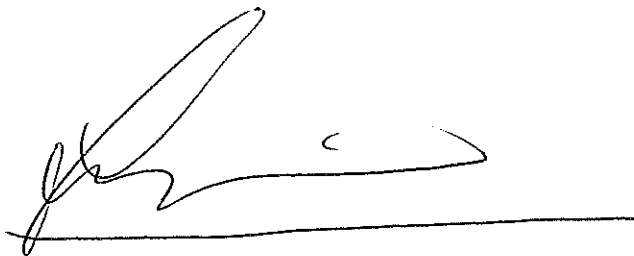

It has been a privilege working here at CHGV/DUKE, such a renown high-rank university. I got to know many good people in the center and learned plenty of new knowledge in human genetics research. It is sad leaving, but one will need move on with his/her continuing career pursuit. Once again, thank you for your mentoring and supervising during my stay at CHGV, and I would like to wish you guys the best in the time coming.

Please advise what need to be done prior to my leaving. Your any attention will be greatly appreciated.

Sincerely,

Jianying Li
